SEDALIA, MISSOURI, MONDAY JULY 17, 1893.

PRICE, FIVE CENTS.

A WEDDED COUPLE

WENT "UP IN A BALLOON" YESTERDAY.

But Miss Squires Did Not Make an Ascension at Kansas City as Advertised.

The largest crowd that ever witnessed a wedding in Kansas City, or perhaps anywhere, say 5 to-day's Journal, assembled at Washington park yesterday to see Miss Mamie Walker and Mr. Charles Thompson married and witness their bridal trip in a balloon.

Thousands of people were packed about the shores of the lake, every point from which a view of the big balloon could be had being crowded.

It had been expected that Miss Madeline Squires would go up with the bridal party, and make a parachute drop from the balloon. She had an arm fractured and a rib broken at Sedalia Friday, and although she offered to tie herself on the parachute and make the leap the park management would not allow it.

It was almost 7 o'clock before the ceremony was performed and the balloon cut loose. Both bride and groom are very young, and it seemed the general opinion of the crowd that they would get frightened and refuse to make the trip. They were not made of that kind of stuff, however, and the young lady showed remarkable nerve, being much less excited than most young women when about to be married in the good old way.

Just before the balloon was ready to be cut loose the ceremony was performed upon the ground close by the bridal car. Justice Ross Lathshaw performed the ceremony with much impressiveness. Miss Madeline Squires was bridesmaid and Col. Victor Flowerree, the manager of the park, was groomsmen. As soon as the binding words had been spoken and the groom had slipped a ring on the bride's finger, the two climbed into the little basket and the big balloon was cut loose. It went up with a rush, and while the spectators caught their breath the merry little bride leaned over the edge of the basket and waved her hand.

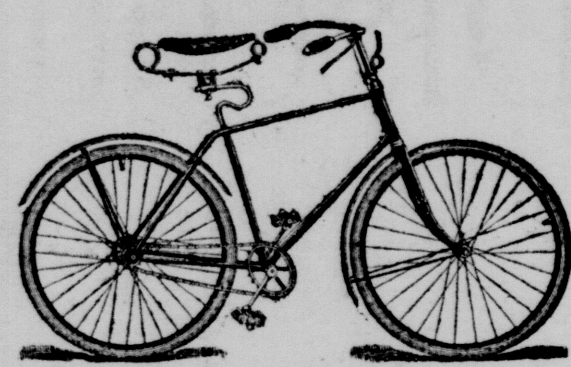

The balloon was not in the air long, although it went up to a great height. It landed in a tree a short distance north of Sheffield. The basket caught in the branches and the bridal couple climbed out and dropped to the ground, none the worse for their novel bridal journey.

After it was over both declared that they were not the least bit afraid at any time.

Miss Brickel is Better.
Miss Bessie Brickel's many friends will be glad to know that her condition is somewhat improved today; but at the same time she is still very low.

His Fortieth Birthday.
Chas. W. Turnham, one of Sedalia's most popular and efficient mail carriers, is celebrating his fortieth birthday to-day. He was born at LaGrange, Ky., removed from there to Griggsville, Ill., and came to Sedalia twenty years ago. He has

resided here continuously since, and no man stands higher. May he live to enjoy many such pleasant anniversaries as the one to-day.

Severest Storm for Years.

The severest electric rain storm known for years visited Lexington and vicinity last Saturday night. The rain came down in torrents, resembling very much a waterspout. The thunder and lightning was terrific. The Methodist Episcopal church, south, was struck by lightning and the cupola ruined. The German Methodist church was also struck, but not much damage was done. A coal train in charge of Conductor Roberts was wrecked near Wellington, seven miles west of Lexington. A bridge on the Jefferson City, Booneville and Lexington, two miles north of Lexington, was also washed out and no trains were run over the road Sunday.

ANOTHER FEDERATION.

Railway Employees Organize for Mutual Aid and Better Protection.

PITTSBURG, Pa., July 17.—Delegates representing the Brotherhood of Locomotive Firemen, the Brotherhood of Railway Trainmen, Switchmen's Mutual Aid association and Order of Railway Conductors met in this city to-day and formed a federation, the object of which is mutual protection and aid. The Order of Railway Telegraphers was not represented to-day, but they are to be included in the federation at the next meeting to be held in Pittsburg on Sunday, August 27.

For Sale or Trade.

A complete list of city property. Terms to suit. Farms in sizes and quality to suit. Property of all kinds for exchange.

Threshing machine and engine to sell or trade at once. Some good farms for rent. Write or call on MORRIS & WEST, 214 Ohio street.

CITY COUNCIL.

A Number of Ordinances to Be Introduced To-night.

There will be a regular meeting of the city council to-night, at which ordinances will be introduced as follows:

For the macadamizing of Main street from the west line of Mill street to the east line of Grand avenue.

For the curbing of Third street from the east line of Lamine street to the west line of Engineer street. Establishing two sewer districts in the southwestern part of the city to adjoin and connect with district No. 6.

Condemning a number of defective sidewalks on Seventh street. There will be considerable other business to dispose of, but nothing of particular importance.

Going to Green Ridge.

About eighteen members of the Sedalia Degree Corps of Neapolis Lodge, I. O. O. F., will leave on the 7:15 p. m. train for Green Ridge to exemplify the unwritten work, after which District Deputy Grand Master F. E. Hoffman will install the officers of Green Ridge lodge for the ensuing term. Among those from Sedalia who will make the trip are: S. T. Lupe, F. E. Hoffman, O. P. Wilcox, Walter Snapp, H. R. Tucker, W. S. Epperson, Emmet Dugan, George Baldwin, L. C. Snell, H. H. Bronson and others.

Three Sent to Jail.

The following convictions were had in Justice Levens' court to-day, all being colored: Maggie Armstrong, disturbing the peace, fined \$2 and costs and committed to jail. Jennie Jackson and Mary Kahrs, vagrancy, fined \$20 and costs each and also committed to jail.

A Picnic Arranged.

Engineer Billy Voelkel, who is running the Missouri Pacific "pusher" at Otterville, was in town this morning and returned home at 10:40 a. m. He says a basket picnic will be held at Homer's grove, near Otterville, next Saturday, and if the weather is fine there gives promise of being a large attendance.

Death of a Babe.

The bright little 13-months-old son of Mr. and Mrs. J. M. Mason died at the family residence on North Summit street at 3:30 o'clock Sunday morning, of cholera infantum, and was buried from the house at 10 o'clock this morning. Rev. E. P. Ryland conducted the funeral service.

Is Improving Nicely.

Justice A. D. Fisher visited his office a short time to-day, but not for the transaction of business. His general health is good, he says, but he is very weak and it will be a month or more before he gets down to regular business again.

Maccabee Tent at Lamonte.

Henry Sherman, deputy supreme commander, organized a tent of the Knights of Maccabees at Lamonte last Saturday night, with twenty-four charter members. The following officers were elected:

W. Y. Prigmore, past commander; J. M. Haverfield, commander; P. P. McCune, lieutenant commander; J. S. White, R. K.; C. D. Divers, F. K.; H. E. Woodward, chaplain; J. C. Metts, sergeant; J. L. Lantz, physician; J. E. Lyon, M. at A.; Henry Fleming, first M. of G.; H. C. Selsor, second M. of G.; J. E.

THIS IS CHOLERA YEAR.

In order to prevent CHOLERA and to keep the system clear from MALARIA use Wood's Celebrated Cathartic Pills. These pills are also an excellent remedy for sallow complexion, skin diseases. Nothing can excel them for a blood purifier. These pills have a world-wide reputation for Indigestion, Sick Headache, pain in the head, side or back and Liver Complaint. Try one box and you will be convinced. Over 300,000 boxes are now being sold annually.

Wood's Magic Oil or King of Pain.

An external and internal remedy, has no equal for the cure of Cholera, Cramps, Diarrhoea, Sprains, Bruises, etc. These remedies should be kept constantly on hand and used liberally when symptoms of the above diseases make their appearance. These remedies can be purchased at the Opera House Drugstore and at most all first-class druggists.

Long, sentinel; R. J. Drummond, picket. This tent will be instituted on the eve of the 26th, when there will be a large attendance from the two Sedalia lodges and also from Warrensburg.

OFFICIALLY NOTIFIED.

Prof. Smith's Resignation Will Now Be Presented.

Prof. A. J. Smith was to-day officially notified of his election as principal of the High school at St. Paul, Minn. His letter of acceptance will be forwarded to-morrow, and at the same time his resignation as superintendent of the schools here will be presented to the board of education.

Prof. Smith will leave with his family for St. Paul about August 1st, and, as previously stated in these columns, the best wishes of every Sedalian will accompany them.

The following letter throws some light on the welcome that will be accorded Prof. Smith on his arrival at St. Paul:

Board of School Inspectors, Secretary's Office, St. Paul, July 13th, 1893.

My Dear Mr. Smith: I wish to congratulate you, and through you the High school, upon your appointment thereto as principal.

You have doubtless secured some information as to the conditions affecting the school for some time past and which, in the opinion of

duty and constituted authority, and imbued with a desire to make the school and its influence felt. I assure you a most sincere and generous welcome. For myself, you can rely on my hearty co-operation in everything and at all times. I shall be most pleased to welcome you.

Please say how soon we may expect to see you.

Very truly and sincerely yours, &c., EDWARD W. WHITE.

A Birthday Gathering.

Yesterday was the birthday of Mrs. Annie Moore, wife of John Moore, living in the southern part of the city. The occasion was celebrated by some twenty-five or

the board, seemed to demand a change. Do not let anything deter you from assuming the position of principal of the school. You will find here a school board able and willing to co-operate with you in everything and way essential to making your charge pleasant and agreeable, and you can accept my assurance that your coming will be hailed by all those having the interests of the school at heart with that sincere pleasure which is born of the conviction that the radical changes necessary in its curriculum and management will early present themselves to you and receive that remedial action of which we believe you capable. The faculty you will find, for the most part, competent, honest, patriotic, loyal to

A Splendid Showing.

The statement of the financial condition of the Citizens' National bank, in this issue, shows that old and popular institution to be in a most flourishing condition. Sedalia has every reason to be proud of her banks, and the wise and conservative management of the Citizens' has made it one of the most popular, as it is one of the safest and best. The officers, directors and stockholders deserve the success the institution has achieved.

THE DEMOCRAT,
Sedalia, Mo.

Office: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

THE man who talks against the institutions of his town and wantonly tries to pull them down is a public enemy.

THERE is yet time to pave several streets to the city limits this fall. It would be money well invested and furnish needed employment for men and teams.

PRESIDENT CLEVELAND and the democratic congress should remember that we have a robber tariff that is greatly injuring the producing masses in this country, and that the people have commissioned them to reform it.

THE contest for the gubernatorial nomination in this state has already commenced. Among the probable candidates suggested are State Treasurer Stephens, Auditor Seibert, Harvey Salmon, Col. Dick Dalton and Ex-Gov. Francis.

THERE is not by any means a large wheat crop in the west this year, but there is enough to turn the balance of trade our way and cause the east to send back some of the money we have been paying in the shape of interest, dividends on railroad stock and insurance.

THE firms that are advertising liberally and judiciously report trade much better than they expected. When money is scarce the customer, with cash in his pocket only goes to those who have enterprise enough to offer special inducements in the shape of bargains.

ONLY 35,000 people visited the World's fair yesterday—the last of the open Sundays. A great many people who favored Sunday opening were disgusted at the bad faith displayed by the managers, and the thousands who opposed opening the show on Sunday have scored a victory.

WHEN so robust a man as Grover Cleveland succumbs to overwork during the first six months of his administration it shows that there must be some changes in the methods of transacting business by the executive, and that the cabinet officials should become something more than mere clerks.

If silver is not to be treated as a money metal equally with gold, it should not be coined at all. What is the use of issuing paper money for silver and then redeeming it with gold? If silver is not to be used for redemption money it should take its place with iron and other mere commodities.

THIS is the season of the year for merchants to push the sale of summer goods. What remains unsold at the end of three or four weeks must be carried over another year and then, if sold at all, put on the market below cost. This is the reason why live men are pushing their business now and using printer's ink to do it.

In speaking of Mr. Dwight Treadway's visit to Sedalia and his conference with officials of the Missouri River and Tidewater railroad, the Springfield Leader says: "The conference at Sedalia will doubtless result in adjusting the differences, blending the interests of the two organizations and the building of the road to this city."

THIS country tried the Bland silver bill from 1878 to 1890 and prospered. There were no panics, no hard times. Every prediction

of disaster by its enemies was disproven. Sherman said it would drive gold from the country, but our stock of gold substantially increased under its operations. Sherman framed a law to take its place, and a flood of misfortunes followed. Now, of the two leaders, judged by the results of the laws recommended, which is entitled to the respect and confidence of the people?

A WELL known Hannibal merchant is reported as saying this to his local paper: "If there was ever a time in my business experience when I needed printer's ink, that time is now, when we are all fighting for trade. No, sir; you need have no fears of our cutting expenses at that end of the line in times such as we are now experiencing. I want to catch the eyes and ears of the public, and I realize that this can be done only through the newspapers." He is a sensible merchant and the end of the year will find him with money to his credit in the bank while his less enterprising competitor will have a big stock of goods left over, on the value of which he will have to pay interest for a year.

IN order to induce the shipment of gold from Europe to this country the demand for it must be greater here than there. This demand for gold can be enhanced by demonetizing silver; then it can be enhanced still greater by redeeming and retiring the outstanding greenbacks; then the national bank bills will have "to go," for bonds are so high there is no profit in the circulation. Then, when we have no money but gold, it will be a neck and neck contest between the American and European producer as to which can give the most for a gold dollar. These will be halcyon days for the owner of a fixed income, for the cheaper prices become the more that income will buy.

PEOPLE who complain that banks have money in their vaults and refuse to lend it should remember that it is the nervous, panicky depositor who makes this course necessary. The law required the Kansas City banks to keep a reserve of twenty-five per cent. in their vaults; they kept nearly fifty per cent. so as to meet any emergency. Saturday a run was commenced and nothing but the wisdom and forethought of the banks prevented disaster. The very men who complained that the banks would not lend money were the first to withdraw their deposits even in the face of the most positive assurance that there was no danger. This shows that the nervous, panicky individual, and not the banks, are responsible for the scarcity of money.

THE FEE SYSTEM.
The injustice and inequalities which the fee system works in the compensation of public officials has been frequently alluded to in the public prints, but there has probably never been a plainer instance of it than is recorded in the following from the Jefferson City Tribune:

"The St. Louis papers have prepared estimates on the income of Hon. Nick M. Bell, excise commissioner for that city, and they think his yearly salary will not fall below \$40,000. This is a very comfortable salary. It is more than the combined salaries of the governor, lieutenant governor, secretary of state, auditor, treasurer, attorney general, three railroad commissioners, adjutant general, labor commissioner and state geologist. And it is more than the combined salaries of the seven judges of the supreme court and the clerk of the court and all his assistants. A man ought to get along comfortably on a salary of \$40,000 per year, even in St. Louis. Long ago the Tribune denounced the fee system as objectionable and costly. If it applies to one officer it should be made to apply to all. The secretary of state, for example, would receive a salary of \$10,000 per year if he was allowed to retain fees, but he turns all fees over to the state treasurer and they are credited to the proper fund and he only receives a salary of \$3,000 per year."

THE RAILROADS.

Conductor Sam Lovitt came up from Tipton yesterday.

Dr. E. F. Yancey visited at Otterville Sunday and returned on the afternoon train.

The Order of Railway Conductors held a largely attended meeting at their hall in the Cassidy block yesterday afternoon.

George G. Floyd, a draughtsman in the car department of the M., K. & T., returned last night from a visit to the World's fair.

Commencing to-day, the Missouri, Kansas and Texas will operate a mixed train both ways daily over the St. Louis division.

The Lexington branch train went west over the main line yesterday morning, owing to the washout at Davis creek, near Aullville.

One hundred empty stock cars have been ordered to Coffeyville, Kas., to bring a shipment of stock east over the Missouri Pacific.

Sedalia is probably the only city of 20,000 population in the United States that has a magnificent union depot and no night depotmaster.

Frank F. Kennedy, of the First National bank, left this morning with a well-filled satchel of cash to pay the employees of the M., K. & E.

Thirty-six car loads of stock passed east over the Missouri Pacific yesterday from Coffeyville, Kas., almost on passenger service time.

The Missouri Pacific's earnings for the month of June show an increase of \$52,125 over June, 1892, the statement of a New York paper to the contrary notwithstanding.

W. H. Winfield, who was formerly passenger and ticket agent of the Texas lines of the Cotton Belt, has been appointed passenger and ticket agent of the M., K. & T. at Fort Worth.

J. W. McClain and Johnny Wright are preparing for another fishing trip, but will make certain next time that they do not pitch their tent within half a dozen miles of a telephone.

Ex-Night Depotmaster J. W. Grant left at noon yesterday for St. Louis, and after a few days' sojourn there will pay a visit to the World's fair before he starts out to secure another situation.

M. W. Cadle, chairman of the Brotherhood of Locomotive Engineers' grievance committee for the Gould system, came in yesterday afternoon from St. Louis, where he now makes his headquarters.

The addition of the Missouri, Kansas and Eastern to the Missouri, Kansas and Texas makes the mileage of that system over 2,000. The Katy is becoming one of the big railway systems of the country.

S. J. Williams has been appointed live stock agent of the M., K. & T. for the Indian territory, with headquarters at Vinita. For several years Williams has been filling the position of traveling freight agent of the road in Kansas.

Lyman B. Hall, of Sedalia, for some time record clerk in the passenger and freight office of the M., K. & T. at Parsons, has gone to Dallas, Texas, to take a position with Superintendent Adams, of the American Express company.

A new organization known as "The Guardsman Association" has been formed in the Indian territory, the principal object of which is to keep the officials of the M., K. & T. stirred up on train robbers, so that all the members may be employed at remunerative salaries.

Mr. John Gilvin's delivery of ties to the M., K. & T. during the month of June reached 23,000. About half of the ties came from his yard in this place, and were made in Monticau township, Howard county, and in Perche township, in Boone. Mr. Gilvin has got to be one of the largest tie contractors in the state, and, best of all, he is making good money in the business.—*Rockport Commercial.*

General Manager Doddridge and Superintendent H. G. Clark were at Wichita yesterday. In the general scheme of retrenchment Division Superintendent Speers, with headquarters at Conway Springs, has been retired, and Superintendent Webb has been transferred from Fort Scott to Conway Springs and given charge of both the Fort Scott and Denver, Memphis and Atlantic divisions. The Fort Scott office is abolished. The trainmaster and dispatchers at Council Grove, it is understood, are to be let out and the work done from the Ossawatimie office.

The Branch Washout.

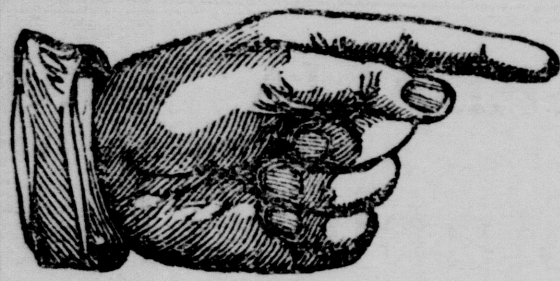

The rains of Saturday night and Sunday caused Davis creek, near Aullville, on the Lexington branch, to flood that entire section of country, and a large stretch of track was washed out for the Missouri Pacific, at the same point where a serious washout occurred only a couple of weeks ago. No train passed over the road Sunday, but in the afternoon the outgoing passenger train ran to the scene of trouble, where passengers and baggage were transferred. The break was repaired last night, and trains are running as usual to-day.

THE FIRST DEATH.

It Occurred in a Family of Thirteen Saturday Night.

Silas Mathews, one of the best known farmers of the Beaman neighborhood and a pioneer of the county, died at his home near Beaman last Saturday night at 8 o'clock, of heart failure, after a protracted illness.

Mr. Mathews had reached the advanced age of 78 years, and for several weeks past his death has been anticipated.

He leaves a widow and eleven children, this being the first death that has occurred in a family of thirteen.

Burial services were held at Salem church at 3 o'clock this afternoon, and the interment took place in the cemetery there.

Attention, You That Suffer

From any disease that your doctor cannot cure, such as chronic rheumatism, catarrh, kidney and liver troubles, and especially paralysis. This is a disease that doctors cannot cure, but if you will wear Prof. W. C. Wilson's Magneto Conservative Garments and use the Actina you will get well and live. If not, you must and will die. For particulars see or address Prof. A. J. Maury, Office, 107 East Sixth street, Sedalia. Lady in attendance at all hours.

An Evening Wedding.

Married, at the residence of the bride's mother, at 916 South Massachusetts avenue, on the evening of July 12, Mr. C. B. Sowell and Miss Georgia C. Rice, Rev. L. M. Berry, of Booneville, officiating.

The groom, formerly of Perry Co., Mo., is one of East Sedalia's leading business men, and the bride—one of earth's fairest daughters.

Only immediate friends of the contracting parties were present. After congratulations were offered and refreshments served, the guests dispersed.

The bride and groom were the recipients of many valuable presents. They will make Sedalia their future home.

"Royal Ruby" Port Wine.

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this Old Port Wine, the very blood of the grape. A grand tonic for nursing mothers, and those reduced by wasting disease. It creates strength; improves the appetite, nature's own remedy, much preferred

to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit for to use. Insist on having this standard brand, it costs no more. \$1 in quart bottles, pints 60 cts. Royal Wine Co. For sale by A. S. McGowan.

Death of Mrs. Claiborne.

Mrs. Fannie Claiborne, wife of Judge J. R. Claiborne, of the St. Louis court of criminal correction, died Saturday morning at her home in that city, after a week's illness.

Mrs. Claiborne was a daughter of the late Col. and Mrs. J. M. Moore, a sister of Dr. James Moore and Mrs. R. M. Yost, and had visited the latter in Sedalia several years ago. She was born in Booneville, and educated at Science Hill academy, Kentucky. She was married to Judge Claiborne at Jefferson City in June, 1879, and leaves four children. The funeral took place Sunday.

A Card to the Public.

I am once more in business in Sedalia at the old stand, 401 West Main, the old Riley barn. Having purchased the same of Bowers & Bouldin, I will be pleased to see all my old friends and the public in general whenever they want first-class light livery. Special attention to boarders and transient stock. Horses and mules bought and sold. GEO. T. MENEFFEE.

The ladies of the Sacred Heart church will give an ice cream social at the residence of Mr. Chas. Keck, corner Third street and Washington avenue next Monday night, July 17, to which all are invited.

Examining Surgeons.

Preliminary papers for the appointment of pension examiners have been sent out from Washington as follows:

Columbia—Drs. Woodson Moss and T. S. Riggs.

Warsaw—E. S. Rodas and R. M. Bolton.

Bolivar—J. F. Roberts and J. M. Jones.

Arrow Rock—W. F. Warren.

Springfield—W. T. Ewell, J. R. Bartlett and E. T. Robertson.

J. D. BROWN.

A Hard Rub for Mac.

The Jefferson City *Tribune* says that some of the local sports are much interested in the sparring match that has been arranged to take place at Sedalia between H. J. Lartonoix of the state capital and Prof. Barney McFadden, athletic instructor of the Marmaduke Military academy. Lartonoix is exceedingly clever, the *Tribune* says, and if in good condition he will give McFadden a hard rub.
